EDUCATION
Bachelor of Science in Computer Science, State University (2024)

TECHNICAL SKILLS
Languages: HTML5, CSS3, JavaScript (ES6+), Git
Frameworks: ReactJS, Tailwind CSS
Tools: VS Code, Git, GitHub

PROJECTS
Student Learning Portal
· Developed a responsive single-page student dashboard using HTML, CSS, and JavaScript.
· Integrated local storage persistence and dynamic DOM state management.
· Managed codebase version control using Git and published repository to GitHub.

Weather Forecasting App
· Built a weather forecast web application utilizing JavaScript and CSS Grid.
· Interfaced with open weather APIs and handled asynchronous fetch requests.
